Service account details

2

Grant this service account access to project (optional)

3

Grant users access to this service account (optional)

Grant users access to this service account (optional)

Grant access to users or groups that need to perform actions as this service account. [Learn more](#)

Service account users role

?

Grant users the permissions to deploy jobs and VMs with this service account

Service account admins role

?

Grant users the permission to administer this service account

Create key (optional)

Download a file that contains the private key. Store the file securely because this key can't be recovered if lost. However, if you are unsure why you need a key, skip this step for now.

Keys

Save the json file into particular location

Execution:

```
# gcloud auth activate-service-account --key-file ~/Downloads/smooth-19-2cced1abedfc.json
# gcloud config set project smooth-ocean-179719
# gcloud config set run/region us-central1
# gcloud run deploy jino -image=gcr.io/my/image --platform managed
```

```
user@test:~$ gcloud auth activate-service-account --key-file ~/Downloads/smooth-ocean-179719-ea5bd8335f9c.json
Activated service account credentials for: [dumil-733@smooth-ocean-179719.iam.gserviceaccount.com]
user@test:~$ gcloud config set project smooth-ocean-179719
Updated property [core/project].
WARNING: You do not appear to have access to project [smooth-ocean-179719] or it does not exist.
user@test:~$ gcloud run deploy jino --image=gcr.io/smooth-ocean-179719/nginx --platform managed
Please specify a region:
[1] asia-east1
[2] asia-northeast1
[3] europe-north1
[4] europe-west1
[5] europe-west4
[6] us-central1
[7] us-east1
[8] us-east4
[9] us-west1
[10] cancel
Please enter your numeric choice: 6

To make this the default region, run `gcloud config set run/region us-central1`.

Allow unauthenticated invocations to [jino] (y/N)? y

Deploying container to Cloud Run service [jino] in project [smooth-ocean-179719] region [us-central1]
Deploying new service... Waiting for container to become healthy.
  i. Creating Revision...
